## ACTION OF DAVIS COMES AS SHOCK

Rumor Says The Governor Has Broken From Some of His Political Leaders

Action On Board of Administration Seen As Appeal to People

(By Associated Press)

Columbus, O., February 8. — Applicants for positions on the State Board of Administration, said to number more than one hundred, and political leaders backing various candidates for these jobs suffered a severe shock today when they read the public appeal issued last night by Governor Davis for "leading citizens" of Ohio to come forward and offer their services on the Board of Administration for a period of three months, until the Governor's reorganization program is completed.

The Governor announced he was going to appoint on this board "persons who have reached the top of the ladder in their private pursuits and whose wide experience and ability in handling big problems would be of invaluable service to the state."

The Governor is said to have in mind William Cooper Proctor, of Cincinnati, millionaire manufacturer, and men of his type. He has called a conference of leading business men at his office for February 17 to select such men.

The attitude of the Governor caused much comment in political circles, coming on the heels of his announcement of last week in which he condemned what he declared to be a well organized movement on foot among Republican and Democratic politicians for repeal of the non-partisan judicial act and abandonment of the direct primary system.

It was said to indicate that the Governor "has broken with political leaders and will appeal to the public for support of his reorganization program."

Washington, February 8. — Unanimous approval was given today by the Senate Agriculture Committee to a measure by Senators Glass and Swanson of Virginia to authorize the Treasury to purchase \$100,000,000 of farm loan bonds so as to make available funds for loans to farmers.

## HUNGARY RAISES KICK ON ALIENS

Wants Them Separated So They Cannot Plot While Being Deported

Protest Deemed Vague And Probably Will Not be Noticed

(By Associated Press)

Washington, February 8. — Representation has been made to the State Department by the Hungarian government concerning the manner of deportation of undesirable aliens from the United States.

The representations, which were transmitted through the Swedish Minister here, said deported aliens had been at such liberty aboard vessels as to permit them to organize propaganda against the governments of Europe, which had produced "certain undesirable results" in Hungary.

The State Department was asked to have aliens deported from the United States segregated aboard vessels.

Because of what officials described as the "vagueness" of the Hungarian representations, and the absence of American jurisdiction over the aliens once they leave American shores, it is not likely that the State Department will find it possible to comply with the Hungarian Government's request.

A special grand jury is now investigating an alleged conspiracy to convict Mooney. The witness named by Walsh was John McDonald, now a resident of Trenton, N. J., with whom Mr. Walsh had a long conference last night.

## WOULD ABOLISH OHIO TAX SYSTEM

Farm Organizations Seek Abandonment of Uniform Rule Long Upheld.

(By Associated Press)

Columbus, February 8. — Abolition of the uniform system of taxation in Ohio as an initial step toward securing a comprehensive tax code was proposed by farm organizations which have for years fought abandonment of the uniform rule at a hearing tonight before the House Taxation Committee.

The announcement of the new attitude came in a proposal to the General Assembly signed by O. E. Bradfute, president of the Ohio Farm Bureau Federation; L. J. Taber, master of the Ohio State Grange; and C. A. Dyer, secretary of the Ohio Home Protective League. The proposal says:

"Real estate is paying the highest taxes in history and something must be done quickly."

The rural organizations agree to support a plan as evolved by the conference on taxation, which represents civic, farm and real estate interests which include proper debt regulation secured through the Griswold bill; temporary relief for a period of three years and a tax revision convention to decide upon a permanent tax code.

Thus first two proposals were up for a hearing tonight.

Mayor Galvin declared the city of Cincinnati will be compelled to dismiss its policemen and firemen and stop all governmental functions March 1st unless this relief is provided.

The Taft bill has already passed the House and an effort will be made to pass it in the Senate this week.

Youngstown, Dayton, Hamilton and Lima are also facing deficits in operating expenses for 1921, it was said. The situation confronting Cincinnati, Mayor Galvin declared, is not the fault of the city but due to laws passed by the legislature giving the schools more money and cutting down the city's revenue.

Brindell, who is one of the highest paid labor leaders in the United States, was convicted on evidence unearthed by the joint legislative committee investigating the "building trust."

Hundreds of Brindell's friends and labor associates filled the court room corridor of the court house and gave him a rousing demonstration as he was led from the criminal court building across the "bridge of sighs" to the toms.

Says Great Britain Will Not Undertake Race With United States Navy

(By Associated Press)

Washington, February 8. — Great Britain will not undertake a race with the United States for sea power, Sir Phillip Gibbs, British war correspondent, declared today before the House Naval Committee. England has not the money, he said, and most Englishmen do not regard the American navy as a menace.

Sir Phillip said that before any agreement for disarmament could be reached by the principal powers, the Russian question would have to be settled and the Russian people drawn back into the "family of nations."

Representatives of the Russian Soviet government should by all means be included in any conference to discuss disarmament, Sir Phillip declared. He characterized the Russian Red army as the greatest military menace in the world and said that present conditions in Russia were producing great numbers of professional warriors.

There is nothing to be gained by us when the patron uses milk checks, other than speeding up deliveries; but to the patron there is a decided advantage.

For instance, if you use one pint of milk a day and pay cash, the cost to you is eight cents, but if you buy a card of fourteen pint tickets you may use a pint a day for seven and one-half cents, and you always have change for the driver and do not put out money. ## Dr. Harrington's Advice To Nerve Exhausted People

It is well worth while to read what a New York specialist has to say about the nerve and brain cell builder that Blackmer & Tanquary sells so much of these days. He writes:

"Let those who are weak, thin, nervous, anemic or run down, take natural unadulterated substances such as Bitro-Phosphate and you will soon see some astonishing results in the increase of nerve energy and strength of body and body."

Bitro-Phosphate is a pure organic phosphate such as good physicians prescribe to create abundant nerve force.—Advt.

## Score One For Dawes

To our way of thinking General Charles Dawes, former chief of supply procurement for the army in France, testifying before the House War Investigating Committee on Wednesday last, in manner and language, rose more nearly to the demands of the occasion than anyone of the notable men who have been dragged before that committee in its unpatriotic efforts to magnify trivial and unavoidable happenings into mountains of fault.

General Dawes summed up the whole Congressional proceeding correctly when he stated that it was a political attempt to discredit the achievements of the people who won the war.

That is exactly what it is, all it is and all it has been from the start to the present, and it is more good luck than their own good management or good sense which has enabled the petty probers to escape so long just such a handsome "dressing down" as General Dawes gave them on Wednesday.

That is just what has been coming to them for some time and General Dawes is entitled to the thanks of the American people for the emphatic manner in which he told them some wholesome truths, even if he was compelled to use a little profanity in order to puncture the cheeks of the members.

If any men are justified in losing their tempers it is those men who have rendered conspicuously patriotic service in times of war, rendered it gratuitously and retired to their own private affairs only to be pilloried by a petty probers' committee and insulted by queries carrying all sorts of insinuations.

These human buzzards who all during the war hovered on the rear of the army, doing nothing, saying nothing, save what little they dared to do or say to obstruct the work of real men like Dawes and Schwab and scores of others, have had a great time since the close of the war finding fault and attempting to belittle the achievements of their superiors during war time, probing about in the wreckage of war for something to gloat over and complain about.

The American people are not unmindful nor unappreciative of the great victory won, they are not unmindful of the fate they escaped if the war had been lost, they are not forgetful of the great Americans who laid aside all personal affairs and went to the front in time of need but they have, for the time, forgotten the glorious achievements, the mighty and successful efforts of the men who brought victory to the allied cause and glory to the American forces in the memory of the purely personal little annoyances they were compelled to endure.

The trivial things have been sought out, magnified and paraded for the public to fix its attention upon. The buzzards who stayed safely in the rear played politics and made money, bided their time and have now come out into the open with their "pickings" gleaned from the fields over which our victorious armies marched.

Not one word of praise have these probers announced after all their months of searching among the ruins; no word of compliment for accomplishments has been uttered for either army or the great body of people who rose so superbly to the demand.

We suggested that Mr. Schwab would have done better had he used an unpadded club on the skulls of some of his traducers instead of treating them with a courtesy to which they were not entitled.

General Dawes came nearer meeting requirements when he scorned the use of soft words and talked in language the committee members could understand.

There is coming a time—and that shortly—when the people will begin to realize what these great men have done for them, but that time will not come so long as the petty fault finders hold the center of the state in Congress.

A few more sessions like that one of Wednesday with General Dawes will go a long way toward routing out the gang who has persisted in keeping the main track clogged and the switch to the side track, leading down into the dumps, wide open.

If we are not mistaken General Dawes' spirited retort to low insinuations marks the turning point of a trend which has been too long permitted already.

## POETRY FOR TODAY

### THE PRETTIEST THINGS

The prettiest things there are must die  
Unused, unheeded utterly.

As where the dorries drop bright oil,  
Wood-shaped to turn our highways  
soil.

As lovely as the ocean bed,  
Blue branching green, gold branching  
red.

And all the little friendly words  
In secret nests of mice and birds.

And window missal-scrolls of frost  
Unnumbered times achieved and lost.

And songs that fill the blackbird's  
head  
In March, that August finds unsaid.

And tales we dreamt at five years old  
That by no later skill are told.

While towns and faces dull as clay  
Are praised and copied every day.

## TEN YEARS AGO

Herald News This Date 1911

The Board of Inquiry Directors, organized with Mr. Hugh Rogers, President; Mr. Harry Henkle, Vice president, and Mr. R. H. Harrop, Clerk held their monthly meeting Monday afternoon.

It was a meeting of unusual importance, owing to the re-election of Superintendent Frank Casey for the coming year. Mrs. Casey was also re-elected matron.

## Spent Money Foolishly

"I have been a great sufferer from stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of Mayr's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere.—Adv't.

## STEALING WOOD IN BUDAPEST TO PREVENT FREEZING

(By Associated Press)

Budapest, (By Mail)—Many of the poor people of this city are being driven to wholesale thievery by the fuel shortage. The recent theft of 25 carloads of wood from one train of 100 carloads as it entered the city shows the extent to which the stealing is going on.

Wood is so scarce that when a wagonload is driven through the streets people stop and gaze after it until it is out of sight.

Daring small boys are even on the alert for a stray piece of wood or anything that will give heat at home. They scamper after every passing wood wagon but are soon frightened away by long whips in the hands of two women who sit on guard astride the load.

The operation of unloading a ton of Hungary's inferior brown coal before a house attracts many neighbors who make a pathetic picture as they watch basketful after basketful disappear into the coal bin of the more fortunate one.

Because of the urgency to obtain fuel, by dishonest means, if honest ones are of no avail, the juvenile courts were never so crowded with youthful offenders.

The scarcity of fuel arose more acute daily as winter advances. The street railway service has been sharply curtailed and people wait for hours exposed to the bitter cold. The worst operated American street cars never tolerated such crowding.

Gas factories are provided with coal for only 24 hours at a time and the gas is turned on now only at noon and after 6 o'clock. Only one light is permitted in a room and not more than three rooms in a house or single apartment may be lighted at the same time. Even at the most expensive hotels there is no running hot water. Saturday is bathing day. On other days baths can only be had at the public baths for which Budapest is famous.

## FOCH IS BEATEN BY U. S. AMBASSADOR IN DOMINO GAME

(By Associated Press)

PARIS—Marshal Foch whose strategy confounded the Germans, suffered a crushing defeat the other day. President Millerand of France shared the blame, for they were partners.

It was not at war but at dominoes. The American Ambassador Hugh C. Wallace and former President Poincare triumphed over the great marshal and France's chief executive. The incident is related by a writer of the Cri de Paris in the best of French journalistic style, substantially as follows:

The presidential train carrying high personages of France and other nations to Verdun to attend the dedication of the monument marking the Bayonet Trench had been under way for an hour and conversation had begun to lag.

"If we had a game of dominoes," exclaimed Marshal Foch.

Alas! the box of dominoes of the Elysée had been forgotten; and there were no dominoes in the restaurant.

"We must get some for the return journey," declared M. Millerand, who entrusted this important mission to his son, Jean.

When after the ceremony, they rejoined the train for the return journey, a magnificent box of dominoes was spread out on the table of the saloon-car. It had been borrowed from a colonel of the gendarmier.

Two camps were immediately formed. The President had the Marshal for partner. Their adversaries were M. Poincare and Hugh C. Wallace.

## RANDOM NOTES

## SOCIAL : PERSONAL MENTION : CLUBS

The basement dining room of the First Presbyterian Church presented a radiant picture Monday night, when the M. H. G. Class held its annual banquet.

Forty members and prospective members were seated at tables arranged to form an "H" in compliment to the class teacher, Mrs. Maggie Hopkins, and as brilliant and effective in their decoration as the expert skill of the decorators, Miss Clara Zimmerman, Messrs. Elmer and Raymond Zimmerman could make them.

Two of February's red letter days, Washington's birthday and St. Valentine's day, were happily suggested in the extremely pretty tables. The central embellishment was bright berried Jerusalem cherries, flanked by red candles in crystal sticks, resting upon bases of red hearts. Festoons of red hearts were strung through the room, also decked with flags and bunting.

The brilliancy of the picture lent added attraction to the delicious viands of a perfectly prepared and served banquet and the dining hour was as delightfully merry.

Following the supper there was a brief business session, called by the President, Mrs. Ethel Jackson and the remainder of the evening much enjoyed socially. Contributing greatly to the evening's fun was a "silhouette contest," in which Mrs. Emma Wilson Kelley won the prize.

The evening closed with the young women assembled around the piano up-stairs singing an extremely pretty class song, set to catchy music, written for the class by one of their talented members, Mrs. Roberta Stokesbury and dedicated to the teacher, Mrs. Hopkins.

The one disappointment of the other wise perfect evening was the unavoidable absence of the greatly loved teacher.

The arrangements were most capable in charge of the social session.

## "Fixing-Up" for Comfort

A vine-clad arbor or pergola, a sleeping porch, a latticed or screened first-floor porch, lawn seats and swings,—these add much to the appearance as well as the comfort of your home. Sometimes, when building a new home is out of the question for the time being, it is possible to completely transform the appearance of the old dwelling, as well as make it far more liveable, by a comparatively small expenditure in "fixing-up."

committee, Mesdames Farquhar, Lipset, Kidner, Misses Ida Harvey, Etta McHenry and Della Moore.

There has been a request that the Y. W. C. A. should undertake a new line of work in this community namely employment service, to help bring together young women in search of employers needing capable women. If the work is undertaken, it will be with the special aim of helping young women find places of opportunity in the business world and fitting the right persons into the right positions for the satisfaction of all concerned.

This is not a new line of work in the Association movement; for the employment work is a recognized department in nearly all city Associations, and smaller places do much of it in smaller ways. It has not heretofore been attempted in this community because the Y. W. C. A. leaders felt that it was not wise to try too many things at the beginning of the work, and because the need for it was not as apparent as some others at first. Nevertheless a few girls have come to the Association for help of this kind, and with conditions as they are at present it would seem that there may be a real need for this service.

To make the work a success the co-operation of employers of women and of business women themselves is necessary. The secretary of the Y. W. C. A. is ready and eager to talk over the situation with any young women who are looking for work, and especially with employers of women who feel that this service might be of value to them. At present opportunities in several lines of work have been reported:

Considerable local interest has been attracted to the minstrel performance to be given at the High School Auditorium during the first or second week of March for the benefit of the Hughes Post, American Legion, and for which an extensive array of local talent has been gathered.

Rehearsals have been going on with ever increasing interest and success under the general supervision of Mr. Charles Updyke, who has had a wide experience in minstrel work. Mr. C. S. Haver is directing the vocal training and Mr. James Whelpley is in charge of orchestration.

It is stated the ensemble will include more than twenty ballad singers and end men, augmented by a full orchestra. Talent outside the legion membership is included. Commander Charles Allen and a legion committee are taking care of financial details and aiding the directors, wherever needed.

Mr. and Mrs. R. C. Tefft of Milledgeville were called to Chillicothe by the illness of Mr. Tefft's sister, Mrs. J. L.

Friend who under went a serious operation at the City Hospital, Friday morning. Mrs. Friend is well known in this city and her many friends hope for a speedy recovery.

Ohio dancing teachers at the Ohio Dancing Teacher's Association which met in Akron Monday put the ban on the Shimmy—"no more shimmy or toddle; no more jazz steps or music; cheek-to-cheek holds and frisky flourishes on the dance floor" such is the Association's decision.

In the place of prescribed dances, the teachers offered three new steps. One is the fox trot schottish a combination of the steps of those two old favorites, a new fox trot step and a military one step.

### MOVIE STAR WEARS QUAINLY TRIMMED WOOL JERSEY SUIT

Wanda Hawley, wearing the ever-popular wool jersey suit.

Wool jersey suits have had such a vogue that it seems hardly believable that there is any woman without one. They have been used for everything from sports to rainy day suits. Now comes Wanda Hawley, pretty screen star, with one which plays a part in her spring wardrobe. But, of course, hers must be just a bit different, and so it is trimmed with a deep border of heavy yarn embroidery in a row and tan block design. The suit is brown and there is a yarn hat to match the border on the suit. Who says, "all jersey suits are alike"?

## NEW JUDGES TO ASSUME DUTIES ON WEDNESDAY

Judge Chas. A. Reid To Succeed Judge Frank G. Carpenter on Common Pleas Bench.

Judge Nye Gregg Succeeds Judge Rell G. Allen in Probate Court.

Wednesday morning witnesses two important changes at the County court house, when new faces appear on the benches in both the Common Pleas and Probate Courts.

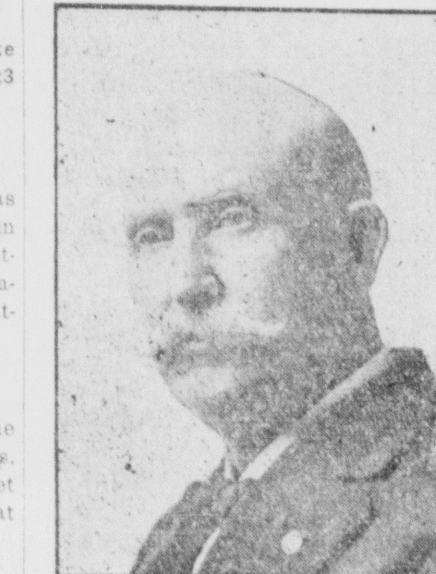

Judge C. A. Reid.

Judge C. A. Reid succeeds Judge Frank G. Carpenter, as Judge of the Court of Common Pleas, and Judge Nye Gregg succeeds Judge Rell G. Allen as Judge of the Probate and Juvenile Courts.

Judge Reid, elected for a term of six years, has spent 29 years in the practice of law, nearly all of that period being associated with Hon. J. D. Post in the firm of Post & Reid. He has a host of friends throughout the county, and a most successful term in office is confidently expected by everyone.

Judge Reid, former Representative from Fayette County, also served as Prosecutor from 1897 to 1903. His wide experience in law renders him particularly fitted for the Common Pleas bench.

Judge Frank G. Carpenter, for the past 12 years Common Pleas Judge, has filled the office with general satisfaction and proved his ability to discharge the duties of office in a dignified, conscientious, capable manner. Judge Carpenter will open a law office in the Midland Block.

Judge Nye Gregg.

Judge Nye Gregg has been engaged in the practice of his profession for 40 years, and from 1891 to 1893 was Prosecutor of Fayette County. Following his election as Probate Judge he resigned the presidency of Council which he had filled to the satisfaction of all.

Judge Gregg has proved a most capable attorney, and by reason of his long association with the legal profession, is highly qualified to discharge the new duties upon which he enters Wednesday morning.

Like Judge Reid, he has a host of well-wishers and friends in every part of the county.  
Judge Gregg has named M. J. Sturgeon as his deputy. Mr. Sturgeon was Probate Judge for many years.

Judge Rell G. Allen, whose terms in office have been broken by the Mexican trouble and later the world war, retires with an enviable record of achievement in discharging the duties of his office. He will open a law office in the Pavey Block.

# ONE-ROOM SCHOOL STILL NUMBERED BY THE THOUSAND

Fayette County Has Thirty-eight Of The Little Red Brick Variety.

Belief That The One-Room School Is Near Extinction Is Not Well Founded.

"Still sits the school house by the road" sang the poet. And he might still be singing it.

According to figures of recent data there are still thousands of schools in Ohio, and Fayette county has its share of the same variety that formed the poet's theme.

Vernon M. Reigel, state superintendent of public instruction makes the assertion from his records that the little one-room country school, the red brick variety, is not as near extinction as some people believe.

Records show that the one-room country schools predominate numerically in this state almost five to one. This is exclusive of the city schools. With all efforts made in centralization and consolidation of schools in the rural districts there has been but a negligible impression made on the one room style of education.

In records computed last year there were 5871 one-room schools in Ohio, compared to 909 centralized and consolidated schools.

In some counties it is pointed out, there are nothing but one-room schools. Belmont has 148; Hardin 9, and Jackson county, 13. In some others there are perhaps one or two consolidated schools to scores of one-room schools.

Here in Fayette county, says County Superintendent O. S. Nelson, there are 38 one-room schools. They are

divided among the townships as follows; Green, seven; Selden school districts five; Jasper, seven; Jefferson, ten; Madison, one; White Oak school district, one Union, one; Perry, six. There are in comparison with these figures nine consolidated schools, one centralized township school, and four two room schools.

## THREE BIG GAMES FOR COURT FANS

Good Hope And Bloomingburg To Play Challenge Game Here Wednesday Evening.

Three basket ball games are scheduled for this city this week. Two games will be played on the Y. M. C. A. floor and the last contest of the week will be on the high school gym.

As a preliminary to the regularly scheduled game Wednesday evening between the Greenfield Independents and the Triangles, the independent teams of Good Hope and Bloomingburg will play a challenge. So much interest has been aroused over the game that a neutral floor was chosen.

Following the preliminary tilt Wednesday evening the Y. M. C. A. meets the Greenfield Independents team which has defeated everything in its way this season. Bill Daugherty, former McClain High star, and C. A. Hayes, McClain coach are in the lineup.

On Thursday evening comes one of the biggest events of the season for the high school. Washington High meets Marietta passing through here for a game with Columbus on Friday evening and readily agreed to the stop-over date.

Washington High has lost its last two starts to Hillsboro and Chillicothe, but they will have the advantage of the home floor and feel that Marietta High will not have easy picking.

## TAKE IT FROM ME

Without a doubt what will prove the musical comedy sensation of the entire theatrical season is the presentation next Monday evening, February 14 at the Murphy Theater of "Take It From Me" the musical show that has been breaking house records for attendance everywhere.

"Take It From Me" is being presented by Joseph M. Gaites and is the work of Will B. Johnstone and Will R. Anderson.

The company and production that will appear here is identically the same as appeared in New York, Boston, Philadelphia and for nineteen weeks at the Studebaker Theater Chicago and it was this same company that made the aforesaid Studebaker Theater the prosperous and popular theater that it is today.

Managers Murphy and Stale of the Murphy theatre personally guarantee that this attraction will be the banner musical comedy of the season.

This is the same cast and production that recently scored such a success in Cincinnati, Columbus and Dayton.

The company of 57 people with their own orchestra comes to Wilmington direct from Indianapolis.

## TAX VALUATION IS REDUCED

## GREATEST MAT SHOW FRIDAY

Columbus, Ohio—Perhaps the peak of the Columbus wrestling season will be reached next Friday night when Promoter Al Haft will present Stanislaus Zbyszko, Ivan Linow, George Kotsonaros and Paul Bowser on the same bill at the Chamber of Commerce auditorium at no advance in prices.

Stanislaus Zbyszko, who is matched to meet Marin Plestina, within the next two months is making his first visit here in over a decade and he will be pitted against Linow in a two fall, finish bout. These athletes weigh around 220 each, so it will bring together the biggest there is in the mat game.

Kotsonaros will meet Bill Button of Utica, Ohio, in a one fall match and Bowser will exchange holds with Joe Willis who claims the Swedish light-heavyweight title. This also will be a one fall affair.
